A sequel to the "Birdwatcher" thriller novel released in 2022, the gripping horror novel "Birdwatcher 2," picks up the story a couple of months after the funeral of Abigail Wincoff.

In the picturesque Pocono mountains resort area, a deadly game of cat and mouse unfolds as serial killer Joey Marks is on the run from a nationwide manhunt spearheaded by Detective Philip Silverwood of the Pocono Mountain Regional Police Department. Bent on revenge, Marks is hiding out in a Stroudsburg hotel, plotting to kill Estelle Rowland, the woman who turned him in to the police.

Meanwhile, Gillian Wincoff recruits an ordained priest to battle the demon controlling her daughter's soul.
