The thing that wiped out the dinosaurs is about to make its comeback. It's a trillion times smaller than a killer asteroid. And it's fallen into the hands of a madman. After surviving a horrific outbreak of the Black Nile virus, epidemiologist Leigh Austen's done her best to bury memories along with the bodies. But when a call for help from the World Health Organization (WHO) arrives at her lab, she's got to face her nightmares all over again. Something's wiping entire villages clean of humans and wildlife in a war-torn former Soviet Republic. Leigh's skills are desperately needed to identify and stop the pathogen's spread before it explodes into a global pandemic. Austen's team

In 2012 the Mayas calendar ends with a world changing viral disease that brings the dead back to life. Hannah Winter is the head of Information technology at Biogenetics & Disease Control, a medical research company located deep beneath the city of Dulce, New Mexico. Julie Mehta, a staff virologist, works diligently to develop a vaccine to prevent the living from contracting the virus, in a race against time for human survival. While Hannah is hopeful to reunite with her sister Jenna, who is struggling against all odds to travel from San Antonio, Texas to New Mexico to be with her.

[B & N](#)

of scientists and armed security set off into the epicenter of the hot zone: over a mile straight down the throat of the Karakul, the deepest open-pit mine in Asia. From there, they'll contend with treacherous military officers, caverns filled with scalding-hot poisonous gas, and an organism so deadly it annihilated the dinosaurs sixty-five million years ago. What Leigh and her people discover will shake them to their very core. If they survive.

Author's Note: The Devil's Noose is a self-contained work and does not end on a cliffhanger. It contains a limited amount of strong language, gore, and some graphic violence. Ratings-wise, it would either be a hard PG-13 or soft R. Please decide to purchase accordingly.

Included with this story are previews and a special offer for the next story in this series, The Plague Walker: A Leigh Austen Short Medical Thriller.
