

to Gardening

BY READER'S DIGEST

Are you a beginner gardener like me? I love to walk through small city gardens along with popular botanical gardens throughout Australia and England. How can you and I start our own oasis of plant life? The best place to begin is by checking out the book *New Illustrated Guide to Gardening* by Reader's Digest. There are pictures of how to plant, what the plant

to try! The book is also divided into sections for your house, outside and an edible garden. Come and try gardening, even if it is something you have never thought of before. Reader's Digest has created the perfect book for this rewarding hobby.

Container Gardening

BY PAUL WILLIAMS

For those of you who like to add art to your gardening skills, *Container*

the time or space to plant a full outdoor garden. It's time to make a haven in the house! No matter what your personal style, Williams has the right arrangement for you to try. The pages are filled with full-colored photographs along with instructions on how to plant

added bonus is the plant directory. It also helps that the author is a horticulturist and frequent contributor to horticultural magazines.

Allison Greene is a graduate of the State University of New York, Magna Cum Laude, including a semester at the renowned Oxford University. Traveling is one of her passions, along with discovering new worlds within the bookstore. She also enjoys a good game of tennis. Allison is currently enrolled in the University of Maryland, Masters of Library Science program.
